Some plainer and hard to place lower grade calves fall below these figures.

It was a cold and rainy day up on the hill this past Saturday. Compared to last week's feeder steer and heifer market we ended fully firm with compared to last week's market. Buyers are starting to take interest in the #400 and under cattle due to the moisture being received all over the state. Packer cow market remains steady. Packer bulls remain strong especially on high yielding bulls.
