Some plainer and hard to place lower grade calves fall below these figures.

What a difference moisture will do. Compared to last week's market steers and heifers stayed steady to \$3 to \$5 higher on some classes. Quality is key this time of year. We still are seeing some discount in the crossbred calves, bull calves, and plain cattle. Weather change is also taking some toll on cattle health. Packer cows and bulls stayed steady to a few dollars softer on the smaller framed cows.
