Some plainer and hard to place lower grade calves fall below these figures.

The calf market was steady with the previous week. Better quality calves had some better highs in this week's market. Brahman and Brahman cross calves and bull calves are taking a big hit in this market. Lighter calves under #500 are trending softer due to the lack of rain and corn prices. The packer market is trending \$2 to \$3 lower this week on #2 cows (Light Carcass Cows) due to high volume of cows coming to the sale.
