**Some plainer and hard to place lower grade calves fall below these figures. **

The market continues to be strong and active across the board. Feeder steers and heifers sold \$5 to \$8 cwt higher across the board in most classes when comparing to the averages of last week's report. We start to see more action on #600 and lighter calves as fall grazing is looking promising for buyers to grow their cattle on oats or wheat. Packer cows and bulls remain steady to be a few dollars higher on the AVG.
